

**ORDINANCE NO. 452
(AS AMENDED THROUGH 452.227)
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE NO. 452
RELATING TO PRIMA FACIE SPEED LIMITS**

The Board of Supervisors of the County of Riverside do ordain as follows:

Section 1.1 Findings.

On the basis of engineering and traffic surveys, the Board of Supervisors of the County of Riverside determines that the prima facie limit applicable under the California Vehicle Code is more than is reasonable or safe upon the portions of the county highways of the County of Riverside hereinafter described, as to which the prima facie speed limit is herein fixed at a lower rate. On the basis of engineering and traffic surveys, said Board determines that a speed greater than the prima facie limit of 25 miles per hour applicable under the California Vehicle Code would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon the portions of the county highways of the County of Riverside hereinafter described, as to which the prima facie speed limit is herein fixed at a higher rate. Said Board hereby finds that the prima facie speed limits hereinafter set forth are most appropriate to facilitate the orderly movement of traffic and are reasonable and safe, as to the respective portions of county highways described, and said Board hereby determines and declares that the prima facie speed limits on said portions of county highways are respectively as hereinafter set forth.

Section 1.2 Applicability.

The prima facie speed limits established by this ordinance shall be effective when appropriate signs giving notice thereof are erected on such county highways, and it shall be the duty of the Director of Transportation to erect and maintain such signs

provided, however, that this ordinance shall not be effective as to any designated portion of a highway, any part of the roadway of which lies within the city limit of any city, unless and until said city shall have approved the same by adopting and placing in effect an ordinance fixing prima facie speed limits applicable to the portion of said highway within said city which shall be identical with the prima facie speed limits applicable under this ordinance to the portion of said roadway which is outside the city limit, but this provision shall not apply to any highway having separate roadways within different jurisdictions. This ordinance is adopted pursuant to, and subject to the limitations and exceptions of, Section 21 and Section 22357 to 22359, inclusive, of the California Vehicle Code.

Section 1.3 Reduced Speed Zones For Detour Routes.

Whenever a portion of a County highway is being used or is about to be used as a detour route under a reconstruction project of a highway and the Director of Transportation determines that the existing speed limit upon said highway is more than is reasonable and safe because of increased vehicular traffic and a reduced speed zone is warranted and necessary, he or she may temporarily fix such appropriate lower rate as provided in Section 22358 of the California Vehicle Code which will facilitate the orderly movement of traffic and will be reasonable and safe upon that portion of the highway for the period the highway is used as a detour route. Thereupon the prima facie speed limit so fixed shall be effective during the period appropriate signs are erected and maintained along that portion of the highway by the Director of Transportation.

Section 2.1 Twenty-five miles per hour.

The prima facie speed limit is 25 miles per hour:

Section 3 Speed Limits on County-Maintained Unpaved Roads.

Section 3.1 Findings.

According to California Vehicle Code (CVC) Section 22365 “Prima Facie Speed Limit: South Coast Air Quality Management District: Local Ordinances” notwithstanding any other provision of law, any county, which is contained, in whole or in part, within the South Coast Air Quality Management District (SCAQMD), may, if the county determines that it is necessary to achieve or maintain state or federal ambient air quality standards for particulate matter, determine and declare by ordinance a prima facie speed limit that is lower than that which the county is otherwise permitted by the CVC to establish, for any unpaved road under the jurisdiction of the county within the SCAQMD.

Section 3.2 Applicability.

The prima facie speed limit established by this ordinance shall be effective when appropriate signs giving notice thereof are erected on such unpaved road and it shall be the duty of the Director of Transportation to erect and maintain such signs.

Section 3.3 Appropriate Speed Limits.

For the purpose of CVC Section 22365, the designated speed limits shall be either 15 miles per hour (mph), or 20 mph, or 25 mph. The selected speed limit for a segment of unpaved road shall be recommended by the Director of Transportation based on an Engineering Study.

Section 3.4 Fifteen miles per hour.

The prima facie speed limit is 15 miles per hour:

1. [none at this time]

Section 3.5 Twenty miles per hour.

The prima facie speed limit is 20 miles per hour:

1. [none at this time]

Section 3.6 Twenty-five miles per hour.

The prima facie speed limit is 25 miles per hour:

1. On Los Alamos Road from approximately 1,500' west of Liberty Road (non-County-maintained) easterly to Briggs Road, for a total distance of approximately 0.85 miles, in the French Valley area.”

Section 4. This ordinance shall take effect 30 days after its adoption.
